

PRESCHOOL PROGRAMS

Instructor in the Spotlight

Stella Leslie

Stella Leslie, also known as “Teacher Stella” has been a familiar face to Purple Stew preschoolers for over 13 years. A popular person to those under 5 years old she is also a past purple stew parent herself with all three of her daughters attending the program. Each loved it and Stella found it to be an indispensable program that prepared them for kindergarten. They made their first friends there and some are still their best friends today.

Born and raised in Prince Edward Island, Stella and her now-husband Paul headed north to Whitehorse after graduating from University of PEI 26 years ago. Her first job was with Love to Learn Daycare and when all her daughters reached school age, Stella returned to Yukon College to complete her Early Childhood Education.

“Working with preschoolers is ever exciting. You never know how your day will be brightened.” Her students motivate her each day. When not at the Kids Club teaching preschoolers Stella enjoys time with her family and friends.

Purple Stew

Make new friends and learn many new skills in this exciting and ever popular program.

We believe in the development of the whole child: intellectually, socially, physically and emotionally. Our instructors work with each individual child to assist them on their road to independence with an emphasis on learning through language development, free play, songs, crafts, stories and at least 20 minutes of indoor active play.
