Organics Collection	Commercial Organics Producers – Large Volume – 3 yard bin collected weekly	297.00	per site / per month
COMPOST SALES			
ITEM FOR SALE	ITEM	FEE	UNITS
Compost blend	1-9 cubic meters bulk blend of sand & compost	50.00	0.765m ³ (1 yard)
Compost blend	10 + cubic meters bulk blend of sand & compost	35.00	0.765m ³ (1 yard)
Compost	Bagged compost	6.00	per 20 L bag
Compost	1-9 cubic meters bulk compost	50.00	0.765m ³ (1 yard)
Compost	10 + cubic meters bulk compost	35.00	0.765m ³ (1 yard)

	WASTE DISPOSAL FEES		
WASTE TYPE	ITEM	FEE	UNITS
Compostable Waste	Sorted compostable waste; loose or in approved compostable bags	60.00	per tonne
Compostable Waste	Organic material - small load	5.75	per load
Compostable Waste	Organic material – up to 3 compostable bags (20 kg max)	3.50	up to 3 bags
Brushing	Sorted, uncontaminated brush	60.00	per tonne
Clean Wood	Sorted, untreated, wood or dimensional lumber	60.00	per tonne
Compostable Waste	Wood chips and sawdust (no gravel)	0.00	no charge
Clean Fill	Soil with analytical test results showing acceptable contamination levels	0.00	no charge
Controlled Waste	Minimum weighed load fee	35.00	each
Controlled Waste	Animal carcasses - small	8.00	each
Controlled Waste	Animal carcasses - large	29.00	each
Controlled Waste	Appliances – dishwashers, stoves, washing machines, etc.	17.25	each
Controlled Waste	Appliances containing refrigerant – fridges, freezers, air conditioners etc.	46.00	each
Controlled Waste	Asbestos load - in addition to weighed fee	184.00	per load
Controlled Waste	Materials containing asbestos from within City boundaries	230.00	per tonne
Controlled Waste	Materials containing asbestos from outside City boundaries	402.50	per tonne
Controlled Waste	Bulky items – Couch, recliners, fences, and other furniture	11.50	each
Controlled Waste	Box springs, mattresses	17.25	each
Controlled Waste	Grubbing material – roots, stumps, branches greater than 1.5 cm in diameter	79.00	per tonne
Controlled Waste	Concrete, bricks, masonry	133.50	per tonne
Controlled Waste	Construction & demolition pickup load – per Schedule D Waste Management Bylaw	29.00	each
Controlled Waste	Construction & demolition sorted large load - to be weighed	133.50	per tonne
Controlled Waste	Designated municipal historic resource	0.00	each

Controlled Waste	Scrap metal pickup load	40.00	each
Controlled Waste	Scrap metal sorted large load – to be weighed	133.50	per tonne
Controlled Waste	Tires off rim with an inner diameter greater than 99.06 cm (39 inches)	290.00	each
Residual Waste	Residual waste - up to 5 regular sized garbage bags	5.75	up to 5 bags
Residual Waste	Sorted small load (max 2m x 2.5 m x .6 m or 6' x 8' x 2')	11.50	each
Residual Waste	Sorted medium load (max 2 m x 2.5m x 1.2m or 6' x 8' x 4')	23.00	each
Residual Waste	Sorted large load - to be weighed	123.00	per tonne
Residual Waste	Volume equivalent for properly sorted residual or C&D waste	16.00	cubic metre
Mixed Waste	Unsorted large load – contains more than 10% controlled or banned waste	300.00	per tonne
Mixed Waste	Load contains Freon appliance, e-waste, hazardous waste or tires	50.00	per item
Mixed Waste	Soil mixed with other controlled waste	300.00	per tonne
Mixed waste	Volume equivalent for contaminated residual or C&D waste	50.00	cubic metre
Other	Clean-up of waste not disposed of properly or spilled on street or lane	actual	each
Other	Load inspection fee	100.00	per inspection
Other	Removal of condemned waste receptacle	actual	each
Other	Removal of waste receptacle on street other than collection day	actual	each
Other	Testing weigh scale for accuracy	actual	each
Other	Uncovered Load	250.00	each

How to avoid unsorted load fees (\$300.00/tonne) and per item fees (\$50 or more/item) on banned items:

1. **Sort waste.** Waste must be separated into the categories below for special burial, composting, or recycling at the Waste Management Facility. The items below **do not** go in your residual waste.

Waste Sorting Categories:

- Cardboard: clean and wax free.
- Bulky items: including bed springs, mattresses, wooden furniture, and wooden fencing.
- Clean wood waste: including unpainted pallets and wood without treatment, stain, paint, or glue.
- Compostable waste / Organics: including all food waste, food scraps, food soiled paper, and bones
- Construction and demolition waste: Including gypsum, treated wood, planking, siding, fiberglass fixtures, carpet, underlay, cupboards, counter tops, sinks, toilets, and more.
- Scrap metals: including filing cabinets, hot water tanks, metal roofing, metal fencing, metal desks and furniture, metal wiring, propane tanks with valves removed, purged fuel tanks cut in half, cleaned and purged barrels with lids removed, sheet iron, and vehicle parts without fluids.
- White goods with refrigerant: fridges, freezers, air conditioners.
- White goods: dishwashers, stoves, ovens, laundry machines.
- Uncontaminated soil.
- Grubbing material: including roots, stumps, and branches greater than 1.5cm in diameter.
- Manure, kennel material, excreta, and fish processing material.
- Asbestos and cold incinerator ash.
- Animal parts and carcasses, but not slaughter waste.
- Tires with a rim diameter of 39 inches or less, with rims removed, may be deposited for free if separated. Larger tires are subject to a fee.

Download the waste sorting guide at whitehorse.ca/sort

2. **Remove banned items from waste.** These items are not accepted at the Waste Management Facility and require alternative disposal.

Banned Items:

- Electronic and electrical waste as listed on the Designated Materials Regulation, including corded and cordless items. These items may be recycled for free at the Raven Recycling E-waste Collection Depot. Visit ravenrecycling.org for more information.
- Hazardous waste. Household Hazardous Waste accepted twice yearly at HHW Days. Go to whitehorse.ca/HHW for disposal options for commercial hazardous waste.
- Bio-medical waste, including dressings, bandages or other infected material and hypodermic needles.
- Slaughter waste.
- Highly combustible and explosive material including ammunition, celluloid cuttings and cellulose film, chemicals, oil or gasoline soaked material, propane tanks with the valve on, unpurged fuel tanks.
- Liquid waste, including sewage or sludge, septic tank pumpings, and sump waste.
- 45 gallon drums not purged or with lids on.
- Radioactive waste.
- Waste from international air travel.
- Contaminated soil.
- Vehicles, including all-terrain vehicles and snowmobiles.
- Incinerator waste that is special waste.
- Tires on rims.

3. Lock your bin.

Prevent illegal dumping by locking your bin. Gravity locks allow you to secure your bin without having to unlock for the waste hauler. Ask your waste hauler to provide a lock for your bin.

Item not listed? Find disposal options for any item using the What Goes Where app! whitehorse.ca/sort
