

COUNCIL QUESTIONS & ANSWERS

Meeting date: July 4, 2022

- 1. 151 Black Street Zoning Amendment – what is the maximum window sill height, and is it measured from the inside floor or from the sidewalk?**

The maximum window sill height for development in the CMW – Mixed Use Waterfront zone is 0.75 m and is measured from the sidewalk grade.

- 2. What is the overall usage of the City’s parking lots? Is there additional parking that could be made available to small businesses Downtown?**

Currently, the City has three public parkades in the Downtown area. Here is a summary of the parking and current availability:

Parkade	Number of stalls	Number of occupied stalls
Second Avenue and Steele Street	39	34 (19 purchased and 15 used by City employees)
Main Street and Steele Street	38	38 (all purchased)
Sixth Avenue and Main Street	35	1

- 3. Council received a letter with some suggestions on how to address issues around Downtown parking. Have any of those been examined?**

The letter has been reviewed and the suggestions will be looked at as part of the overall implementation of the *Downtown Parking Plan*.
