Date	September 21, 2021	2021-18
Location	Council Chambers, City Hall	
Committee Members Present	Councillor Stephen Roddick – Chair Deputy Mayor Jocelyn Curteanu – Vice-Chair Mayor Dan Curtis Councillor Dan Boyd Councillor Laura Cabott Councillor Samson Hartland Councillor Jan Stick

Your Worship, the Corporate Services Committee respectfully submits the following report:

1. Second Quarter Capital Variance Report – For Information Only

Financial Services has reviewed capital budget projections submitted by department managers and is providing a summary of completed capital projects.

Council adopted a Capital Expenditure Program for 2021 totalling \$83,701,145. This comprises an initial budget of \$30,949,735, subsequently amended to date via approved re-budgets from 2020 (\$32,980,778).

As part of the City’s second quarter variance reporting, managers are required to review their planned capital spending. Some projects are experiencing delays due to staff vacancies, material shortages and contractor/consultant availability. However, many projects are proceeding as planned with some projects expected to come forward through the re-budget process or resubmitted as part of the 2022 budgeting process.

2. Second Quarter Operating Variance Report – For Information Only

Financial Services has reviewed operating expenditure projections submitted by department managers and is providing a forecast of operating results to the end of the 2021 fiscal year.

Council adopted an operating budget for 2021 totalling \$88,186,272. This comprises an initial budget of \$88,173,497 plus subsequent Council approved amendments totalling \$12,775.

The 2021 operating budget includes some financial considerations for impacts of the COVID-19 pandemic which were considered best estimates at the time the budget was approved. These adjustments include reduced revenue expectations at the Canada Games Centre for the first 3 months of the year and increased transit bus cleaning costs for the year. However, additional losses to the City in the form of unrealized revenues are expected to be incurred.

The 2021 second quarter variance projection shows that total operating revenues are expected to be under budget by \$608,258 and expenses will be under budget by \$1,562,915. Therefore, projections to December 31, 2021 as compared to the revised budget indicate an operating surplus of \$954,657.

3. Urban Electrification Local Improvement – Hidden Valley

In 1989, the City of Whitehorse began assisting with the cost of electrifying urban property by financing the work and charging the cost back to the property as a local improvement charge. In order to have an application approved the applicant must have title to the property, current taxes must be paid in full, and the cost of the work must not exceed 75% of the assessed value of the property. Since the inception of the program, the City has processed a total of 13 urban electrification applications.

The owner of the property located at 7 Strawberry Place in the Hidden Valley Subdivision has applied under the Urban Electrification Program Policy for a local improvement that will provide the required infrastructure upgrade to support a reliable heating source.

In response to questions raised, Administration confirmed that the charges become part of the property taxes and remain with the property.

The recommendation of the Corporate Services Committee is

THAT Council direct that the application under the urban electrification program for 7 Strawberry Place be accepted; and

THAT Bylaw 2021-40, a bylaw to authorize a local improvement charge for urban electrification at 7 Strawberry Place, be brought forward for consideration under the bylaw process.

4. Election Update – For Information Only

A Committee member asked for an update on the upcoming Municipal Election. Administration confirmed that election planning is a significant undertaking and there will be additional challenges due to the pandemic. Plans are firmly in place keeping in mind the public health measures that may arise between now and October 21st.

Administration has also confirmed that the venues are in place and public safety measures would be included to ensure safety for all voters and staff. Details on the capacity of Council Chambers during election night is being finalized and election results will be broadcast live on NWTel Cable and the City's website.

A Committee member encouraged citizens to engage in municipal government and put their names forward to run for Council.

Your Worship, the City Planning Committee respectfully submits the following report:

1. Public Hearing Report – 105 Titanium Way – Caretaker Suites

The City has received an application to amend the zoning of 105 Titanium Way in Marwell. The subject lot is 0.37 ha, and the current zoning is CIMx(a) – Mixed Use Commercial/Industrial (modified). There is an existing building in the southern half of the subject lot, which has a caretaker suite. The current zoning permits one caretaker residence per lot. The applicant requests a rezoning to permit three additional caretaker units on the subject lot.

The City’s Development Review Committee (DRC) reviewed the proposal on June 2, 2021, and raised concerns about the appropriateness of allowing additional residential uses in the Marwell area, which is designated as a Mixed-Use Industrial/Commercial Area. The DRC recommended that multiple caretaker units are only suitable when configured as live/work units. An example of a live/work caretaker suite is where an owner

or employee is living and working within the same unit, and where the residential portion of the unit has a direct connection to the business.

The proposed *Bylaw 2021-26* received first reading on July 26, 2021. Notices were published in the newspapers on July 30 and August 6, 2021. A total of 53 letters were sent to property owners within 100 m of the parcel as stipulated in the *Zoning Bylaw*. Yukon Government Land Client Services, Kwanlin Dün First Nation (KDFN), and the Ta'an Kwäch'än Council were notified of the proposal by email.

A Public Hearing for this item was held on September 13, 2021, and no delegates registered for, or spoke to, the item at the hearing. Three written submissions were received. The input was accepted through email and posted to the City's website.

One submission from a KDFN department raised concerns on the rezoning process.

Two submissions were received in support of the application. The comments have been grouped in the following categories:

- Housing supply and housing options
- Need for Marwell to have more residents
- Reduced commute time for workers

A Committee member expressed concerns with the Zoning Bylaw process and expressed interest in developing a formula for considering these applications.

Administration noted the upcoming bylaw re-write process following the OCP could address this and committed to provide additional information on what might trigger a restriction for this kind of application under the *Municipal Act*.

The recommendation of the City Planning Committee is

THAT Council direct that Bylaw 2021-26, a bylaw to amend the zoning at 105 Titanium Way in Marwell to allow for additional live/work caretaker suites, be brought forward for second and third reading under the bylaw process.

2. Lease Agreement – Frank Slim Building Concession Services

The most recent lease agreement for the Frank Slim Building kitchen at Shipyards Park expired September 2020.

The two proposals were reviewed by an internal Committee comprised of personnel from the Parks and Financial Services departments. The evaluation criteria set out in the RFP assessed the quality and completeness of each submission and considered a number of factors. Those factors included the proponents company background and experience, proposed food concession services with a sample menu that would cater to broad public appeal, graphics and advertising, sanitation and safety, and the proposed general approach and methodology.

The review Committee verified compliance with the specifications and terms and conditions in accordance with the instructions to bidders and concurred Smoke and Sow Inc. met the requirements and has the capability to perform the services. Whereas the second proposal lacked detail and did not completely address all requirements outlined

in the RFP. The proposed three-year lease agreement will commence November 1, 2021 and expire October 31, 2024. There is a provision for renewal of the lease for an additional three-year period.

A Committee member questioned whether there was any feedback received from those that picked up packages but did not submit bids.

The recommendation of the City Planning Committee is

THAT Council direct that Bylaw 2021-29, a bylaw to authorize a lease agreement with Smoke and Sow Inc. to provide food concession services at the Frank Slim Building in Shipyards Park, be brought forward for consideration under the bylaw process.
