## **ADMINISTRATIVE REPORT**

<b>TO:</b> Planning Committee
<b>FROM:</b> Administration
<b>DATE:</b> October 4, 2021
<b>RE:</b> Housing Development Incentive Approval – 61 Gleaner Avenue

### **ISSUE**

Housing development incentive for a 48-unit housing development in Whistle Bend.

### **REFERENCE**

- *Housing Development Incentives Policy*
- *City Grant-making Policy*
- *Zoning Bylaw 2012-20*

### **HISTORY**

The City has received an application for a housing development incentive for the construction of 48 apartment housing units at 61 Gleaner Avenue in the Whistle Bend subdivision. This development meets the criteria for the “RCM2 Zone Development Incentive” under the policy, and Administration is bringing the application forward for Council approval.

In response to Council’s strategic priorities on housing, the *Housing Development Incentive Policy* is meant to encourage rental and supportive housing and smaller, denser housing forms in targeted areas. Under this policy, developments that meet the specified criteria are eligible for a reduction of Development Cost Charges (DCCs), a yearly monetary grant from the City, or both. The value of the grant would be based on the increase in taxation due to the improvements on the property.

Per the Policy, an RCM2 Zone Development Incentive would grant a developer an unlimited reduction of DCCs if the density achieved is 50% greater than the minimum required density in the RCM2 zone. The total value of DCCs for this project, without incentive, is \$104,880.

### **ALTERNATIVES**

1. Approve the Development Incentive.
2. Do not approve the Development Incentive.

### **ANALYSIS**

#### **Project Details**

The proponent has provided appropriate site plans and construction drawings and has been issued a development permit for the project. The project consists of three buildings, comprised of mainly two-bedroom units and single bedroom units. The property, located at

61 Gleaner Avenue, is 0.55 hectares in size and the resulting density of the project is 87 units per hectare.

This exceeds the requirements for eligibility for an RCM2 Zone Development Incentive (minimum 42 units required) and conforms to all City zoning and building regulations. Therefore, the development incentive application is being brought forward for Council approval.

As there are no ongoing requirements associated with the RCM2 Zone Incentive, no Development Incentive Agreement is required.

### **City Grant-making Policy**

The City Grant-making Policy states that cumulative grants per organization shall not exceed a total of \$50,000 per year. As the incentive for this project is a reduction in fees and not a tax grant, an exception to the *City Grant-making Policy* does not need to be considered.

### **ADMINISTRATIVE RECOMMENDATION**

THAT Council approve an RCM2 Zone Housing Development Incentive with respect to the construction of 48 apartment housing units at 61 Gleaner Avenue in the Whistle Bend subdivision.
