Acting Manager of Strategic Communications Myles Dolphin
Assistant City Clerk Norma Felker

Mayor Curtis called the meeting to order at 5:30 p.m.

CALL TO ORDER

Mayor Curtis announced that the City is embarking on a new Official Community Plan. The Plan is the City's top-level planning document that sets the future direction of the city over the next 20 years. It focuses on land use, development, conservation, housing, recreation and transportation. Whitehorse residents are invited to participate by visiting the City's website to learn more about the review process and completing an online survey.

Some members of council expressed concern about the proposed contract award after hearing from the delegate earlier in the meeting.

Administration was requested to provide additional information in order for council to make an informed decision that balances the need to support local business while ensuring that citizens receive the best value for their tax dollars

Discussion

Administration confirmed that the contract award could be delayed until January and advised that the information requested could be prepared in time for the first Standing Committee meeting in 2019.

2018-26-05

It was duly moved and seconded

THAT the contract award for the supply of computer operating and productivity software be referred back to Administration pending the receipt of additional information regarding the pricing advantages achieved by partnering with the Government of Yukon and whether local businesses could be competitive.

A Council member expressed concern that awarding the grant at this time would deplete the available funds in the donation account before the new fiscal year even begins.

Discussion

NEW & UNFINISHED BUSINESS

Deputy Mayor Hartland advised that Alpine Aviation ("the appellant") applied for and received a development permit dated July 25, 2018 with conditions permitting use and placement of a container office near its float plane dock on Schwatka Lake until October 31, 2018. The structures were not removed by the deadline.

The appellant received an order dated November 7, 2018 requiring corrective action in the form of removal of the office container structure and all associated materials from the site by November 27, 2018.

On November 16, 2018 the appellant requested a review pursuant to section 349 of the *Yukon Municipal Act*.

Committee of the Whole met and reviewed the order on December 6, 2018 for the purpose of deciding to confirm, vary, substitute or cancel that order. Committee of the Whole received and reviewed submissions from City of Whitehorse administration and from the appellant.

ALPINE AVIATION
APPEAL CONCERNING
AN ORDER TO REMOVE
STRUCTURES FROM
SCHWATKA LAKE
DOCK SITES 12 AND 13

The Committee acknowledged that there was some apparent lack of enforcement on the part of the City relating to earlier permits to Alpine Aviation, which are not at issue in this review. The terms and conditions of the July 25, 2018 development permit were clear and the appellant acknowledges the same. While it is regrettable that the City may have caused a misunderstanding per the earlier permits, that does not preclude enforcement now.

Allowing the appellant's structures to remain year round would not only be a contravention of the permit but inconsistent with the Official Community Plan, the Schwatka Lake Area Plan and the reasonably fair and orderly use of that particular site.

Deputy Mayor Hartland advised that, having considered the evidence presented, it is the decision of the committee to uphold the City of Whitehorse Order dated November 7, 2018.

EXPENDITURE PLAN
SECOND READING

Carried Unanimously

Members of Council expressed their support for the proposed budget but noted that it was primarily developed under the auspices of the previous council and therefore focuses on projects and programs that may not reflect this council's priorities.

It was noted that completing a comprehensive asset management plan is required along with an integrated service delivery system, and resources will be needed to address these and other issues. Some of the projects that will need to be considered include fuel abatement, human-wildlife conflicts and emergency planning. Funding and staff resources will be needed to address these and other issues.

Discussion

Members of Council thanked administration for the work done on behalf of the City, and expressed appreciation for support from other levels of government.

2018-26-10

It was duly moved and seconded

THAT Bylaw 2018-58, a bylaw to adopt a capital expenditure program for the years 2019 to 2022, having been read a first and second time, now be given third reading.

MEMORANDUM

FILE #: Z-17-2018

TO: Mayor and Council

FROM: Administration

DATE: January 14, 2019

SUBJECT: Public Hearing at Regular Council Meeting January 14, 2019

Please be advised there will be a Public Hearing at the Regular Council Meeting of January 14, 2019, to hear from interested parties related to the following zoning amendment:

Bylaw 2018-55, a bylaw to amend the zoning of a 0.3 ha parcel of vacant Commissioner's land from PR-Parks and Recreation to RC1-Country Residential 1 to allow for a lot expansion at 1 Roderick Place in Hidden Valley

In 2017, the owners of 1 Roderick Place made a land application to the Yukon Government Lands Management branch which would allow for an expansion of their country residential lot. The purpose of the expansion was for the installation of a new septic field.

The Yukon Environmental and Socio-Economic Assessment Board (YESAB) reviewed this application and a decision document was issued in February 2018. The review by YESAB determined that there would be no significant adverse effects and no recommendations were attached to the decision.

The property owners have now applied to rezone the property from PR-Parks and Recreation to RC1-Country Residential 1, which is condition of their sale agreement with Yukon Government.

Bylaw 2018-55 received 1st Reading on November 26, 2018. Notices were published in the newspapers on December 28, 2018 and January 4, 2019. A total of 163 letters were sent to property owners within 1000 m of the subject property. Yukon Government Lands Department, Kwanlin Dün First Nation, and Ta'an Kwäch'än Council were also notified by mail.

DATE: January 14, 2019

SUBJECT: Public Hearing at Regular Council Meeting January 14, 2019

Please be advised there will be a Public Hearing at the Regular Council Meeting of January 14, 2019, to hear from interested parties related to the following zoning amendment:

Bylaw 2018-57, a bylaw to allow a child care centre at 2288 2nd Avenue (Days Inn)

Administration has received an application to amend the zoning of Lot A-7-1, Plan 36002 LTO (2288 2nd Avenue) from CS-Service Commercial to CSx(b)-Service Commercial (modified) to allow for a child care centre as a principal use. The proposed child care centre would be located on the vacant portion of the Days Inn that was previously used as a night club.

The application was reviewed by the Development Review Committee (DRC) on July 11, 2018.

Bylaw 2018-57 received 1st Reading on November 26, 2018. Notices were published in the newspapers on December 28, 2018 and January 4, 2019. Your Worship, the Corporate Services Committee respectfully submits the following report:

1. Microsoft License Renewals – For Information Only

On December 10, 2018 administration brought forward a proposal for a sole-source contract award to Microsoft Canada for the renewal of licenses for computer productivity software. At that meeting a delegate from a local technology company suggested that the City should conduct a request for proposals so that local businesses could have an opportunity to compete for the contract.

Microsoft has confirmed that outside of the Yukon Government’s umbrella Enterprise Agreement it does not have any certified licensing service providers (distributors) in Yukon. The level of pricing being offered to the City from Microsoft Canada is only available to the City as a result of its partnership with the Government of Yukon. Additionally, the agreement provides the City access to other benefits such as planning services and training vouchers for staff without additional charge.

If the City were to conduct a request for proposals on its own the account, Microsoft would not bid directly. Bidders would necessarily be value-added resellers who would obtain their pricing from a Microsoft licensing service provider. Each additional layer adds mark-up to the license price, thereby increasing the cost to the purchaser.

The City's licences expired on December 31, 2018 and Microsoft has granted the City a 30-day grace period. If the existing agreement is allowed to expire or lapse without renewing, the City will have to re-purchase the Microsoft licences as if they were new and this will result in increased pricing.

2. 2018 Umbrella Grants Bylaw

The *Municipal Act* requires that grants and gifts be authorized by bylaw. The City provides a variety of grants and donations to groups and organizations throughout the year. To facilitate the allocation of grant and donation funds, Council adopted a policy that allows grants to be approved by council resolution and subsequently authorized in an umbrella grant bylaw at year-end. This system allows the distribution of funds to qualified and approved applicants in a timely manner. A bylaw to authorize the grants approved throughout 2018 in accordance with council policies and resolutions is now being brought forward for council authorization.

The recommendation of the Corporate Services Committee is

THAT Bylaw 2019-01, a bylaw to authorize the allocation of various grants for the year 2018, be brought forward for consideration under the bylaw process

3. 2018 Umbrella Budget Amendment Bylaws

The *Municipal Act* provides that council may by bylaw establish a procedure to authorize expenditures that vary from the annual capital expenditure program and the operating budget. In accordance with the provisions of the capital and operating budget bylaws, a number of properly authorized budget amendments occurred throughout 2018. These amendments are now being brought forward under umbrella bylaws for Council authorization under the bylaw process.

The recommendation of the Corporate Services Committee is

THAT Bylaw 2019-02, a bylaw to amend the 2018 to 2021 capital expenditure program with respect to budget adjustments made throughout 2018, be brought forward for consideration under the bylaw process; and

THAT Bylaw 2019-03, a bylaw to amend the 2018 operating and maintenance program with respect to budget adjustments made throughout 2018, be brought forward for consideration under the bylaw process.

4. Write Off Uncollectible Accounts

The City levies fees and charges for goods and services that, on occasion, cannot be collected for various reasons. In all cases in the proposed bylaw, in-house collection procedures have been exhausted and it has been determined that there is little chance of recovery. In certain circumstances, an account will remain with a collection agency or credit bureau for possible further action. There is a small possibility that some collection will occur subsequent to write off. In that event the collection will be appropriately recognized in the City's financial records.

If these accounts are not written off, they will remain as outstanding receivable items. Generally accepted accounting practices require that receivables that are no longer realizable assets be written off against existing allowances. A bylaw is required to write off such accounts.

The recommendation of the Corporate Services Committee is

THAT Bylaw 2019-04, a bylaw to authorize the write-off of uncollectible accounts, be brought forward for consideration under the bylaw process.

5. Council Grant – Yukon Cares

Yukon Cares is an independent, grassroots, volunteer driven, humanitarian organization responding to the global refugee crisis through education, advocacy and resettlement of refugees in Yukon. The organization welcomes and supports refugees so that they become more empowered and engaged citizens. Yukon Cares is requesting adult monthly transit passes for two refugees newly arrived in Whitehorse after spending 20 years in a refugee camp in Ghana.

The recommendation of the Corporate Services Committee is

THAT Council approve a grant of two adult transit passes in the amount of \$1,488.00 to Yukon Cares, funded from the council donation account.

6. Update on Carbon Tax – For Information Only

In response to a question from a Committee member, administration advised that no further information has been received from the Yukon Government regarding the rebate mechanism planned with respect to the Carbon Tax. The probable costs to taxpayers have been projected based on available information and, in the event that adjustments are required, a budget amendment can be brought forward for council's consideration. A Committee member urged the Government of Yukon to provide details as soon as possible so that municipalities can proceed with proper planning and budgeting.

Your Worship, the City Operations Committee respectfully submits the following report:

1. Contract Award – McIntyre Creek Pump House Upgrade

Upgrades to the McIntyre Creek pump house are required to ensure adequate supply pressures and fire flows in Porter Creek and Kulan. A request for tender was issued in May of 2018 but the sole bid received exceeded the project budget and the tender was cancelled. The project was then re-tendered with an updated schedule. Again only one bid was received, but the bidder was unable to complete the project within the tendered schedule and the second tender was also cancelled.

In light of the urgency of the project, administration has negotiated a contract agreement with the one company that submitted bids in response to each tender. The contract price exceeds the project budget due to a variety of factors including the requirement for a significant quantity of stainless steel piping that is now subject to US trade tariffs, and the exceptionally busy marketplace for mechanical contractors.

Due to the complexity of this project and the unknown condition of the existing piping and valves, a 16.6% contingency amount was added to cover unanticipated costs. This is not a typical sole-source award. The proposed contract was negotiated between representatives of Duncan's Ltd. and an internal committee, and efficiencies and opportunities for savings were assessed and included where appropriate.

Duncan's Ltd. is familiar with the scope of the work and has the knowledge and experience to complete the work successfully. The price as negotiated is reasonable. The project is funded by Gas Tax and an amendment to the Gas Tax agreement will be sought. In the interim, the budget increase will be funded from the Water and Sewer Reserve. The Reserve will be reimbursed once additional Gas Tax funds are approved and received.

The recommendation of the City Operations Committee is

THAT the 2018 capital project for the McIntyre Creek Booster Station be re-budgeted to 2019; and

THAT the 2019 to 2022 capital expenditure program be amended by increasing the budget for the 2019 McIntyre Creek Booster Station project from \$207,258.00 to \$450,000.00, funded by the Water and Sewer Reserve; and

THAT Administration be authorized to waive the public bidding process for the McIntyre Creek Pump House Upgrade Project; and

THAT Administration be authorized to award the contract for the McIntyre Creek Pump House Upgrade Project to Duncan's Ltd. for a net cost to the City of \$375,231.

2. Amend Waste Management Bylaw

In order to meet diversion targets, the City has been increasing enforcement of unsorted load fees. Waste haulers using front-load trucks collect from up to 60 different customers in a single load, making it difficult to pass on unsorted load fees to offending customers. In an agreement negotiated with the largest waste haulers, the City committed to working towards putting more enforcement responsibility on the businesses.

The establishment of a base-line data set of load inspections to identify the existing rate of individual load contamination was considered an important foundation for phased-in enforcement. However, operational constraints and staffing issues led to significant delays. The data set needed is now expected to be readied in the first half of 2019.

Administration is recommending that the Schedule "G" phase-in schedule be amended to delay the decrease in allowable contamination until July 1, 2019. The three-month delay will allow the baseline data set to be improved and provide more time for haulers to work with their customers on education and determining appropriate measures for administering unsorted load fees.

Education will be provided to the business community about how source separation and securing of waste bins via locks and lids are critical to reducing unsorted load fees.

The recommendation of the City Operations Committee is

THAT Bylaw 2019-05, a bylaw to amend the Waste Management Bylaw, be brought forward for consideration under the bylaw process.

3. Snow Removal Issues – For Information Only

In response to questions raised by a Committee member, administration provided an update on the snow removal priorities with respect to curb cuts, sidewalks, crosswalks and bus stops. Citizens were encouraged to contact the Snow Line at 633-7669 if they are aware of bus stops or sidewalks and curb cuts adjacent to City facilities that require snow removal. The public was reminded that under the provisions of the City's Maintenance Bylaw property owners and occupiers are required to provide snow removal on sidewalks and curb cuts adjacent to their properties.

Your Worship, the Community Services Committee respectfully submits the following report:

1. Public Art Procurement Update – For Information Only

The City's Public Art Policy provides guidelines for procuring public artwork when new City buildings are constructed. The policy states that one percent of a new building's capital construction budget shall be designated for the purchase and installation of public art. The budget for the Operations Building is currently just over forty million dollars, leaving the City approximately \$400,000.00 to procure new works of public art.

In July 2018 a committee was created for the purpose of procuring artwork with the budget from the Operations Building. The purpose of this committee is to identify potential art locations, evaluate submissions from artists, and award multiple art contracts based on value and budget. The arts community is currently being solicited for representatives.

The Public Art Policy states that community value is a high priority. Since the majority of the Operations Building will not experience high volumes of public visitation, many locations around the community have been identified to complement the spaces identified at the Operations Building. Administration has compiled a preliminary list of potential art locations for the purpose of review and consideration by the committee.

Ongoing and future City of Whitehorse projects were taken in to account when identifying potential locations. The request for proposals for public art is scheduled to be released in the spring of 2019. Artists will have three months to visit locations and create submissions for the art committee to evaluate.

Topic: Sole-source Contract Award – Microsoft License Renewals

SUGGESTED RESOLUTION

THAT Administration be authorized to waive the public bidding process for the supply of computer operating and productivity software; and

THAT Administration be authorized to award the contract for the supply of computer operating and productivity software to Microsoft Canada for a net cost to the city of \$360,000 plus GST covering the three year period of 2019 to 2021 inclusive.

TO MAYOR AND COUNCIL:

This suggested resolution has been prepared as a guide to assist you. It may not reflect Council members' opinion on this matter.

CITY OF WHITEHORSE

BYLAW 2019-01

A bylaw to authorize the allocation of various grants for the year 2018

WHEREAS section 245 of the *Municipal Act* (R.S.Y. 2002) provides that council may by bylaw provide grants to any person, institution, association, group, government or body of any kind; and

WHEREAS in 1996 council adopted a process that approves a variety of grants by council resolution throughout the year and subsequently authorizes these grants by way of an umbrella bylaw at year end;

NOW THEREFORE the council of the municipality of the City of Whitehorse, in open meeting assembled, hereby ENACTS AS FOLLOWS:

1. BYLAW 2019-02

A bylaw to amend the 2018 to 2021 capital budget to authorize expenditures that vary from the approved capital expenditure program

WHEREAS section 238 of the *Municipal Act* (R.S.Y. 2002) provides that council shall by bylaw cause a multi-year capital expenditure program to be prepared and adopted; and;

WHEREAS section 239 of the *Municipal Act* provides that council may by bylaw establish a procedure to authorize and verify expenditures that vary from the capital expenditure program; and

WHEREAS a number of budget adjustments made throughout 2018 in accordance with the procedures outlined in Budget Bylaw 2017-36 have resulted in an increase in total expenditures above what was approved in the 2018 to 2021 Capital Expenditure Program;

NOW THEREFORE the council of the municipality of the City of Whitehorse, in open meeting assembled, hereby ENACTS AS FOLLOWS:

1. Schedule "1", attached hereto and forming part of this bylaw, is hereby adopted as a summary of the amendments totalling \$71,742,923.00 made to the 2018–2021 Capital Expenditure Program throughout 2018.
2. Appendix "A" to Bylaw 2017-36, the 2018 to 2021 Capital Expenditure Program, is hereby deleted and replaced by a new Appendix "A" attached hereto and forming part of this bylaw.
3. This bylaw shall come into full force and effect upon the final passing thereof.

BYLAW 2019-03

A bylaw to amend the 2018 to 2020 operating and maintenance budget to authorize expenditures that varied from the approved operating expenditure program

WHEREAS section 239 of the *Municipal Act* provides that council may establish by bylaw a procedure to authorize and verify expenditures that vary from the annual operating expenditure program; and

WHEREAS a number of budget adjustments made throughout 2018 in accordance with the procedures outlined in Budget Bylaw 2018-07 have resulted in an increase in total expenditures above what was approved in the 2018 Operating Budget;

NOW THEREFORE the council of the municipality of the City of Whitehorse, in open meeting assembled, hereby ENACTS AS FOLLOWS:

1. Schedule “1”, attached hereto and forming part of this bylaw, is hereby adopted as a summary of the amendments totalling \$1,162,389 made to the 2018 Operating and Maintenance Budget throughout 2018.
2. Appendix “A” to Bylaw 2018-07, the 2018 Annual Operating and Maintenance Budget and the Provisional Budgets for 2019 and 2020, is hereby deleted and replaced by a new Appendix “A” attached hereto and forming part of this bylaw.
3. This bylaw shall come into full force and effect upon the final passing thereof.

CITY OF WHITEHORSE

BYLAW 2019-04

A bylaw to authorize the write off of un-collectible accounts

WHEREAS section 233(3) of the *Municipal Act* provides that a council may by bylaw cancel any arrears of fees, penalties, municipal service charges or interest charges that are prescribed by bylaw and that, in the opinion of council, are no longer collectable from the person, institution, association, group or body of any kind, liable to pay them; and

WHEREAS section 60 of the *Assessment and Taxation Act* provides for the discharge of certain taxes; and

WHEREAS it has been determined that certain debts outstanding to the account of the City of Whitehorse are un-collectible;

NOW THEREFORE the council of the municipality of the City of Whitehorse, in open meeting assembled, hereby ENACTS AS FOLLOWS:

1. The debts hereinafter described are written off:

Write Off Un-collectible Accounts Bylaw 2019-04

Explanatory Notes:

A bylaw is required to write off un-collectible accounts. The accounts outlined in this bylaw are deemed un-collectible for the following reasons:

Non YT Parking Fines	The City does not receive information as to the registered owners of vehicles not licensed in the Yukon and therefore we have no recourse to collect such fines. Currently parking fines issued to non-Yukon license plates have a 50% collection rate. The fines in this bylaw were issued in 2017.
John Patrick	Animal Control fine sent to collection agency in 2011. Account being closed by the agency as uncollectible.
Corey Kirkpatrick	Animal Control fine sent to collection agency in 2011. Account being closed by the agency as uncollectible.
Alex Kosmenko	Animal Control fine sent to collection agency in 2011. Account being closed by the agency as uncollectible.
Richard Benson	NSF fee resulting from an automatic membership renewal at the Canada Games Centre not going through. No activity on account and principal amount too small to commence formal collection.
Elaine CockneyNuyaviak	Damage to light pole at 2 nd and Lowe St. resulting from a motor vehicle accident in 2015. No insurance on vehicle. Account went to small claims but there are no assets to be garnished. Account forwarded to collection agency in 2018.
Jessica Larabie	NSF fee resulting from an automatic membership renewal at the Canada Games Centre not going through. No activity on account and principal amount too small to commence formal collection. All mail has been returned to sender.
Elaine Michaud	NSF fee resulting from an automatic membership renewal at the Canada Games Centre not going through. No activity on account and principal amount too small to commence formal collection.
Ron Morberg	Payment agreement for parking fines owed to the City. Account forwarded to collection agency in 2018. We have been notified that the account holder is deceased.
Richelle Riendeau	Balance owing to the Canada Games Centre for a program registration in 2013. No activity on account and principal amount too small to commence formal collection.
Bob Schooley	Property taxes owing on a mobile home that was removed without permits. Account forwarded to collection agency in 2015.
Pamala Zaccarelli	NSF cheque written to the City for parking fines. Account forwarded to collection agency in 2018. Vehicle registration is flagged with Motor Vehicles.

CITY OF WHITEHORSE

BYLAW 2019-05

A bylaw to amend Waste Management Bylaw 2018-05

WHEREAS council adopted the Waste Management Bylaw to establish, operate, maintain and control a waste collection and disposal system in the City of Whitehorse, and

WHEREAS section 220 of the *Municipal Act* (R.S.Y. 2002) provides that council may by bylaw amend or vary bylaws; and

WHEREAS it is deemed desirable that the Waste Management Bylaw be amended to clarify the effective dates with respect to tipping fees for unsorted loads;

NOW THEREFORE the council of the municipality of the City of Whitehorse, in open meeting assembled, hereby ENACTS AS FOLLOWS:

1. The existing Schedule "G" to Waste Management Bylaw 2018-05 is hereby deleted and replaced by a new Schedule "G", Unsorted Load Fees, attached hereto as Appendix "A" and forming part of this bylaw.
2. This bylaw shall come into force and effect upon the final passage thereof.
