Hi There,

I am writing this email in regard to the re-zoning amendment that has been requested regarding 11 Oak Street.

My name is Patricia Hanna and I reside at [REDACTED]

I would like to state that I am in support of this re-zoning amendment as long as parking is taken into consideration. This current house usually has 1 vehicle parked on the roadway and 2 in the driveway with its current situation. There are more and more people parking on the roadways and this becomes a hazard in the wintertime as people are also piling snow on the roadways. This, in turn, moves these vehicles further and further into the roadways.

It would also be great if there could be a clause in the re-zoning amendment that does not allow the unit to be rented out as an air bnb, short-term rental, etc.; either for a certain period of time or forever.

With the current cost of housing (and living), a granny suite would assist the homeowners with subsidizing their mortgage and will provide another residence to the already thin rental market.

If you have any questions or require any further information, please reply to this email.

Thank you,

Patricia Hanna, [REDACTED]
