2024 - 2026 Operating Budget Speech

Good evening members of Council, City Administration, and residents of Whitehorse. As Deputy Mayor, it is my pleasure to present the proposed Operating Budget for 2024, and the provisional budgets for 2025 and 2026.

Many of you will know that Whitehorse continues to be one of the fastest growing municipalities in the country.

According to the Yukon Bureau of Statistics, the City's population is almost 32 thousand people representing more than 70 percent of the Yukon's population.

We are the territory's economic hub and continue to attract new residents looking to call Whitehorse home.

And it is our responsibility to ensure our levels of service meet the expectations of residents both old and new.

Which is why this year's total proposed Operating Budget is \$110,555,551.

The proposed residential property tax rate increase for 2024 is 4.28%.

This will mean an average increase of about \$116 dollars per year for the average household.

The cost of water and sewer services, along with waste collection services, is recovered from the ratepayers who receive them and not covered by property tax revenues.

For those who receive the services, the Water and Sewer rate will increase 5.00 per cent in 2024 for both flat and metered rate customers.

The Solid Waste service fee will see a 4.01 per cent increase.

This is a challenging budget and it is not lost on us the impacts this will have on residents.

Affordability is a top concern for so many.

The increasing costs of goods and services means money is tight, for us and for you.

Which is why we are doing everything we can to manage costs.

The City is also fortunate previous councils were so focused on providing the same excellent service in a fiscally responsible way.

Thanks to their decision making, we are able to keep our property tax rate low in these challenging economic times.

This is in contrast to a number of jurisdictions which are seeing proposed property tax increases well above the City's proposed rate.

January 29, 2024

The City of Edmonton's proposed rate increase is 6.6%.

In Yellowknife, they are looking at an increase of 7.2%.

And residents in the City of Toronto are looking at an increase of 10.5%.

Under our proposed budget, our proposed rate increase is among the lowest in the country to date.

But when we ask residents to pay more, we also need to look internally to ensure the financial decisions we are making are sustainable for future generations.

Which is why we are refocusing on our key municipal responsibilities and going back to the basics.

For two years now, staff and equipment have dealt with landslides on the escarpment along Robert Service Way.

This summer, major wildfires in the Yukon and across the country forced the evacuation of communities, and devastated others.

We continue to see the real world impacts of climate change which puts residents at risk.

As a growing City, it is our responsibility to invest in Emergency Preparedness which is why we will be hiring an Emergency Management Coordinator.

This position will give the City the expertise and advice it needs to ensure its emergency response capabilities are in line with the demands of an isolated northern community.

We are also strengthening our Water and Waste team by adding a new Utility Stations Operator in Training.

This position will give the incumbent a chance to learn and develop, as well as help provide future capacity for the City's Water and Waste crews.

Within the City's Engineering team, we are looking to add an Engineering Technologist that will focus on Traffic and Active Transportation.

This will help guide the City's decision making when it comes to transportation investment so we can continue to support our active transportation initiatives and maintain timely connectivity for road users throughout the community.

The City's Fire Department is facing more and more calls for service as we continue to grow.

To meet that need, the City will hire an additional three firefighters.

Looking to the future, the City's Whitehorse North Fire Hall will also need firefighters.

January 29, 2024

And so the City is allocating \$50,000 to develop a recruitment plan to bring on new members who are up to the task of serving City residents for years to come.

The recruitment will aim to attract recruits who are passionate about community safety and invested in keeping our community safe.

This budget also proposes a Reconciliation Specialist.

While the City has taken a number of steps towards reconciliation under this Council and previous Councils, there is still lots of work to be done.

The specialist will ensure the City is working with First Nations governments in a meaningful way.

They will help identify areas where improvement is needed, and champion our successes, all while helping the City deliver on its commitment.

Last year, we were grappling with an unstable supply chain that impacted fuels, tires, and parts.

Fortunately, these prices are starting to stabilize and slowly return back to pre-pandemic levels.

Supply for tires, oils, and other fluids are showing increased signs of stability.

While crews are able to maintain our equipment, the rapid evolution of technology means parts for older equipment are becoming harder to find.

While this is not an urgent concern now, we must continue to remain vigilant as we plan for the future.

As new demands increase, and technology changes, the City will have to be strategic with its investments so we don't leave future generations stuck with the bill.

These are difficult decisions and there are a number of things we cannot pursue at the moment.

But this operating budget represents a responsible increase balanced against the pressures our community is facing now.

But we need to hear from you.

Tonight we are tabling the proposed 2024 to 2026 Operating Budget for public review and input.

Whether you oppose or support the proposed budget, your opinion matters.

It lets us know if we are on the right track.

If we are focusing on the evolving needs of residents.

Your voice does make a difference.

January 29, 2024

The Public Input Session will be held during the Regular Council meeting on February 12.

You can also submit your feedback by email at budgetpublicinput@whitehorse.ca.

A report on public input will be presented to Council on February 19.

Second and Third reading is scheduled for February 26.

We look forward to hearing from you.

I also want to thank staff for their work year-round to deliver clean water, safe roads, and reliable services year-round.

All of this work would not be possible without a passionate workforce committed to citizens. Thank you to all City of Whitehorse staff for delivering an outstanding level of service to our community.

On behalf of Council, I invite all residents to provide their thoughts and feedback on this budget.

Shàw níthän, Gùnàlchîsh, Mähsi'cho, Merci, Thank you.
