CITY NEWS HIGHLIGHTS AUGUST 29, 2025

## In Focus

### E-Permitting Improvements

The City's e-permitting system now allows for mobile text notifications when an application status changes.

Notifications will automatically be sent to all users who have provided a cell phone number in their online profile. Users can update their profile to change contact information or to opt-out of the notification service.

Email notifications will continue to be used to inform applicants about status changes in their permit applications. These notifications will come from [noreply-cityworks@whitehorse.ca](mailto:noreply-cityworks@whitehorse.ca).

This is part of the City's ongoing work to improve the e-permitting system.

Access e-permitting and learn more at: [whitehorse.ca/building](https://whitehorse.ca/building).
