## Neighbourhood Speed Limits

Speed limits have been reduced to 40 kilometres per hour on many streets and roads in residential neighbourhoods. Please pay attention to all traffic signs, drive with caution, slow down and make sure we can all get around our city safely. Visit [engagewhitehorse.ca](https://engagewhitehorse.ca) to learn more.

## Whitehorse Power Centres Project

Following a review by the City's Development Review Committee, as per the Land Use Master Plan Policy, Yukon Energy's request to waive the Master Plan requirement for eight potential power generation sites within the city has been denied. ## Outdoor Skating Rinks

In partnership with local residents, the City installs and maintains outdoor skating rinks. Visit [whitehorse.ca/rinks](https://whitehorse.ca/rinks) to get your rink on the flooding schedule.

## Expedited Foundation-only Permits

The City is expediting Foundation-only Permits for eligible residential projects throughout the rest of the 2025 construction season. This will allow builders to apply for permits for excavation, servicing, footings, and foundation work for new residential buildings. To be eligible, applicants need to meet certain conditions. Visit [whitehorse.ca/building](https://whitehorse.ca/building) for more information to see if your project qualifies.
