CITY NEWS HIGHLIGHTS NOVEMBER 28, 2025

In Focus

Santa Land

It's getting to be that time of year.

Join us for an afternoon of free activities and a visit from Santa!

When: Saturday, December 6
3 - 5 pm

Where: Shipyards Park

We'll have hot drinks, photos with Santa, sledding, skating, a fire pit and games! Bring your own skates and sleds, and wear proper footwear for icy surfaces.

Please keep your pets at home, dress warm, and in layers.

Parking can be hard to find so consider carpooling, taking transit, or using active transportation to get to Shipyards Park.

The event will be cancelled if -25C or colder.

Visit whitehorse.ca/events for more info.

Food For Fines

Food For Fines is back! If you receive a parking ticket from November 22 to December 6, you can make a food donation of equal or greater value of the ticket rather than paying the fine. Donations will go to the Whitehorse Food Bank and Kaushee's Place.

Proposed Zoning Bylaw Public Hearing

City Council is considering a proposed new Zoning Bylaw. A public hearing will be held Monday, December 8 at 5:30 pm at City Hall. Learn more at EngageWhitehorse.ca, or visit City Hall, the Canada Games Centre, Bylaw Services or the Building Services office.

Holiday Lights Tour

We invite you to share the holiday spirit and put up your festive lights before Sunday, November 30. Our dedicated Lights Crew will be touring Whitehorse neighbourhoods to create this year's maps for the City's self-guided lights tour. Add your home to our list for consideration by November 30 at whitehorse.ca/lights.

Water Meter Upgrades

The City's contractor, Neptune Technology Group, is upgrading water meters to all metered commercial and multi-residential properties in Whitehorse. The existing meters are at the end of their life. Letters have been sent to impacted property owners. Upgrades will be provided at no cost. Upgrades will not impact residential properties that don't have meters and there is no change to utility bills. For more information, visit whitehorse.ca/water or call 668-8350.

Snow and Ice Control

We all have a role to play in snow removal. Business and commercial properties must have snow and ice cleared from adjacent sidewalks and accessible parking spaces by 11 a.m. the morning after a snowfall. Residential properties need to have snow and ice cleared from sidewalks within 48 hours of a snowfall. Visit whitehorse.ca/snow.

Next City Council Meeting

The next Council meeting is Monday, December 1 at 5:30 pm in City Hall Council Chambers. City Hall is located at 2121 2nd Avenue. Please use the Steele Street entrance. Visit whitehorse.ca/meetings.
