CALL TO ORDER

AGENDA

2026-12-01

It was duly moved and seconded
THAT the Agenda be adopted as presented.

Carried Unanimously

MINUTES

2026-12-02

It was duly moved and seconded
THAT the Minutes of the Regular Council meeting dated June
8, 2026 be adopted as presented.

Carried Unanimously

COMMITTEE REPORTS

City Operations Committee

There was no report from the City Operations Committee.

No Report

Community Services Committee

Deputy Mayor Anne Middler proclaimed June 21, 2026 to be National Indigenous Peoples' Day in the city of Whitehorse, a day to recognize the valued contributions of Indigenous Peoples to Whitehorse's past, present and future, and the continued efforts of all parties to work together in pursuit of meaningful reconciliation.

Proclamation – National
Indigenous Peoples' Day
(June 21, 2026)t

Delegate Barbara Hancock, President of Humane Society Yukon, provided an overview of the organization, including increasing animal intake, shelter capacity pressures, and financial challenges. The delegate also highlighted opportunities for collaboration with the City. Committee Members asked questions regarding owner surrenders, funding sources, and the relationship between the City and Humane Society Yukon.

Delegate Barbara Hancock,
President of Humane Society
Yukon –
Presentation on Humane
Society Yukon

As requested by a Committee Member, Administration advised that feedback from 2026 Active Transportation Month is still being compiled and that feedback related to infrastructure will be considered as part of future engineering projects.

New Business – Active
Commute Feedback

As requested by a Committee Member, Administration advised that the City is working to strengthen its relationship with Humane Society Yukon, including through ongoing engagement related to animal control matters.

New Business – Relationship
with Humane Society Yukon

Public Health and Safety Committee

Delegate Colin McCann, speaking on behalf of the Cycling Association of Yukon, discussed concerns regarding cyclist safety and increasing hostility toward cyclists in Whitehorse. The delegate emphasized the need for improved cycling infrastructure and, in response to questions from Committee Members, discussed the Association's membership and opportunities to improve safety at future cycling events.

Delegate Colin Mcann –
Cycling Association of Yukon
– Cycling Safety

Delegate Ed Gillis discussed the importance of safe cycling infrastructure and active transportation, particularly for youth. The delegate highlighted the benefits of cycling for education, recreation, and tourism and, in response to questions from Committee Members, shared observations on opportunities to improve cyclist safety.

Delegate Ed Gillis – Safe
Cycling Infrastructure

Delegate Dana Eisinger discussed concerns regarding increasing hostility toward cyclists and the impact it has on cyclist safety and participation. The delegate highlighted the efforts of local cycling organizations to promote safe and responsible cycling and encouraged continued collaboration, public education, and partnership to improve safety for all road users.

Delegate Dana Eisinger –
Cycling Safety and
Respectful Road Use

Delegate Joel Macht discussed the role of community feedback in transportation planning and the importance of understanding the experiences of vulnerable road users. The delegate encouraged City representatives and community members to experience active transportation firsthand as a means of fostering discussion and improving road safety for all users.

Delegate Joel Macht – Active
Transportation and Road
Safety

As requested by a Committee Member, Administration provided an update on the encampment located along the river near 32 Waterfront Place. Administration advised that work is underway with partner agencies to address the site.

New Business –
Encampment Update

As requested by a Committee Member, Administration provided an update on the Titanium Way Criterium Series, advising that organizers had identified lessons learned from the event and that a debrief meeting with the user groups is being arranged.

New Business – Titanium
Way Criterium Series Safety

Corporate Services Committee

2026-12-03

It was duly moved and seconded
THAT Council approve the audited City of Whitehorse 2025
Financial Statements as presented, and
THAT \$614,450 be transferred from the Water and Sewer
Reserve to fund the Water and Sewer Fund deficit.

Audited 2025 Financial
Statements

Carried Unanimously

In accordance with the Procurement Policy, the Committee was presented with a bimonthly update on forthcoming procurement projects for July and August with an anticipated value greater than \$100,000. As requested by a Committee Member, Administration confirmed that funding allocated for the Downtown Parking Management Plan would be used for technical consulting services, stakeholder engagement, data collection, and policy and infrastructure review.

Upcoming Procurements
(July/August)

2026-12-04

It was duly moved and seconded
THAT Council amend the 2026–2029 Capital Expenditure
Program by adding a project for Millenium Trail Realignment in
the amount of \$150,000 funded from the Capital Reserve until
an external funding source is secured.

Budget Amendment –
Millenium Trail Realignment

Carried Unanimously

A Committee member provided a report from the Federation of
Canadian Municipalities Conference in Edmonton, Alberta,
attended by Councillors Gallina, Melnychuk, and Morris. The
Committee Members highlighted the importance of attendance
at this Conference to bring northern perspectives and priorities
into discussions with other municipalities.

New Business – Federation
of Canadian Municipalities
Conference Report

City Planning Committee

There was no report from the City Planning Committee.

No Report

Development Services Committee

As requested by a Committee Member, Administration
provided an update on implementation of the Climate Action
Plan. Administration advised that work is underway on a
number of Climate Action Plan initiatives and that a new Senior
Sustainability Coordinator will be establishing an
interdepartmental working group to help advance projects.

New Business – Climate
Action Plan Update

NEW AND UNFINISHED BUSINESS

2026-12-05

It was duly moved and seconded
THAT Council direct that the Regular Council meeting
scheduled for Monday, July 6, 2026, be rescheduled to
Tuesday, July 7, 2026, at the regular commencement time of
5:30 p.m.

Meeting Rescheduled – July
6 to July 7, 2026

Carried Unanimously

BYLAWS

2026-12-06

It was duly moved and seconded
THAT Bylaw 2026-12, the Municipal Charges and Community
Service Grants Bylaw, be given third reading.

Your Worship, the Public Health and Safety Committee respectfully submits the following report:

1. Delegate Liam Parfitt – Fire Proofing Increases Biodiversity

Delegate Liam Parfitt discussed the relationship between wildfire mitigation and biodiversity, emphasizing the benefits of forest thinning within Whitehorse. In response to questions from Committee Members, the delegate discussed forest management practices and opportunities to utilize biomass generated through fireproofing activities.

2. New Business – Fire Proofing Forest Areas Within the City of Whitehorse

As requested by a Committee Member, Administration provided an overview of ongoing FireSmart initiatives within the City, including work undertaken by the City's FireSmart Coordinator, neighbourhood programs, and the Government of Yukon's fuel break project. Committee Members discussed opportunities to expand forest thinning and the potential use of biomass generated through fireproofing activities

3. New Business – Notice of Motion - Letter of Support for the Wild Wolves of Canada Ride for the Arctic Initiative

A Committee Member gave notice of a motion to be considered at the July 7, 2026 Regular Council meeting to provide a letter of support for the Wild Wolves of Canada Ride for the Arctic Initiative.

4. New Business – Off-Leash Dogs and Safety

As requested by a Committee Member, Administration provided an update on ongoing efforts to address concerns related to off-leash dogs, including public education, complaint reporting, enforcement, and the planned review of the Animal Control Bylaw. Committee Members discussed opportunities to improve public awareness and enforcement, as well as potential changes to off-leash areas within the City.

Motion

TO: Council

From: Councillor Morris

Date: July 7, 2026 – Regular Council Meeting

Re: Motion – Letter of Support for the Wild Wolves of Canada Ride for the Arctic Initiative

I, Councillor Morris, having given notice at the Standing Committee Meeting held June 29, 2026, now move as follows:

WHEREAS the Wild Wolves of Canada Motorcycle Charity appeared as a delegation before the Public Health and Safety Committee on June 1, 2026, regarding its Ride for the Arctic initiative, which aims to raise awareness of northern food insecurity; and

WHEREAS the organization has requested a letter of support from the City of Whitehorse for the initiative; and

THEREFORE, BE IT RESOLVED THAT the City of Whitehorse provide a letter of support for the Wild Wolves of Canada Ride for the Arctic initiative.

CITY OF WHITEHORSE

BYLAW 2026-25

A bylaw to amend the Official Community Plan

WHEREAS Section 278 of the *Municipal Act* provides that a municipality shall by bylaw adopt an Official Community Plan in accordance with Part 7, Division 1 of the Act; and

WHEREAS Section 285 of the *Municipal Act* provides for amendment of an Official Community Plan, in accordance with the same approvals as established in Division 1 for the preparation and adoption of an Official Community Plan; and

WHEREAS it is deemed desirable and expedient to amend the 2040 Official Community Plan;

NOW THEREFORE the Council of the municipality of the City of Whitehorse, in open meeting assembled, hereby ENACTS AS FOLLOWS:

1. Section 15 of the Official Community Plan Adopting Bylaw 2022-40 is hereby amended by adding a new subsection and new policies 15.4.7 – 15.4.11 immediately after existing policy 15.4.6ii to read as follows:

"Mineral Exploration on Valid Mineral Tenure"

The Whitehorse Copper Belt contains areas of Future Planning designation where valid mineral tenure exists. The following policies apply to Mineral Exploration on valid mineral tenure within the Future Planning designation.

- 15.4.7 Where valid mineral tenure exists in good standing within the Future Planning designation, Mineral Exploration activities including associated drill site preparation, clearings, and access may be considered a permitted temporary use where conducted in accordance with applicable territorial legislation, including the Quartz Mining Act, and City bylaw, and utilizing Disturbed Areas, Established Access, and/or Temporary Equipment Access as defined in this Plan.
- 15.4.8 Where a valid authorization has been issued under the Quartz Mining Act for the Mineral Exploration activities described in policy 15.4.7, those activities shall be considered consistent with this policy for the purposes of Temporary Use Permit issuance.
- 15.4.9 Mineral Exploration activities authorized under this policy are administered through a Temporary Use Permit, which may be renewed annually, in accordance with the Zoning Bylaw. The development officer may impose conditions addressing land use matters in alignment with City bylaw.
- 15.4.10 Mineral Exploration activities authorized under this policy are temporary in character and reclamation shall be completed in accordance with applicable territorial authorization and City standards.
- 15.4.11 This policy does not authorize mining or permanent development. All Mineral Exploration activities remain subject to applicable territorial legislation, First

Nations consultation requirements, territorial environmental assessment processes, and City bylaw.”

2. The Glossary of the Official Community Plan Adopting Bylaw 2022-40 is hereby amended by modifying the existing table by adding definitions for “Established Access”, “Disturbed Area”, “Mineral Exploration”, and “Temporary Equipment Access” in alphabetical order to read as follows:

Term	Definition
Established Access	<p>Established access means any road, route, or cleared corridor that was previously constructed or used for any purpose involving ground disturbance or vegetation clearing, and that is identifiable on the ground by one or more of the following:</p> <ul style="list-style-type: none"> (a) The vegetative mat is absent in the wheel track or travel surface area, consistent with prior sustained vehicle passage, regardless of vegetative regrowth on the corridor margins or centre; (b) An existing roadbed, compacted surface, or corridor width consistent with prior equipment passage remains identifiable; or (c) Cleared corridor margins, stumpage, or cut vegetation consistent with prior clearing activity are present. <p>Restoration of an established access route to passability by selective removal of regrown vegetation with no movement of rock or earth does not constitute construction of a new route. Where regrowth within an established access corridor can be removed by brushing with no movement of rock or earth, selective removal constitutes restoration of established access and does not require Temporary Equipment Access standards.</p>
Disturbed Area	<p>Disturbed Area means land that has been subject to prior ground disturbance or vegetation clearing activity, including but not limited to Mineral Exploration or mining activity, wildland fire management including fuel break and fire smart clearing, quarry or aggregate operations, public utility construction, or any other activity involving ground disturbance or removal of natural vegetation cover, and that has not been formally reclaimed through recontouring, revegetation, or other reclamation measures directed by a regulatory authority.</p> <p>A Disturbed Area is identifiable by one or more of the following:</p> <ul style="list-style-type: none"> (a) Visible evidence of prior excavation, grading, or earthworks including open pits, waste rock piles, sumps, historical drill collars and associated infrastructure or disturbed ground;

	<p>(b) Existing roadbed or cleared corridor consistent with prior vehicle use, where the original corridor is identifiable on the ground regardless of current vegetative cover; or</p> <p>(c) Removal or absence of natural vegetative mat over a continuous area consistent with prior clearing activity.</p>
Mineral Exploration	Mineral Exploration means activities undertaken for the sole or principal purpose of assessing land for its suitability for the production of minerals, including but not limited to drilling and associated drill site preparation, conducted in accordance with a valid authorization issued under the Quartz Mining Act or applicable territorial legislation.
Temporary Equipment Access	<p>Temporary equipment access means access to a Mineral Exploration work area on valid mineral tenure in good standing, achieved by rubber-tracked equipment, or by metal-tracked equipment during winter conditions where required for safe operation, where the following standards are met:</p> <p>(a) No movement of rock or earth occurs, except for the removal of individual obstructions necessary for safe equipment operation, with prior notification to the development officer;</p> <p>(b) The vegetative mat remains intact — incidental compression by approved equipment passage does not constitute removal of the vegetative mat;</p> <p>(c) No trees with a stem diameter exceeding 15 centimetres at 1.5 m above ground are felled, except where removal of an individual tree is necessary for safe equipment operation, with prior notification to the development officer;</p> <p>(d) No equipment blade is used to grade the surface or remove the vegetative mat; and</p> <p>(e) Temporary equipment access shall not exceed a maximum width of 5 metres, with the cumulative area of disturbance under a single Temporary Use Permit not exceeding 0.5 hectares, calculated using actual route length and actual disturbed width, to a maximum width of 5 metres. Cutting shall be limited to necessary, selective cutting to achieve temporary access only.</p> <p>Where temporary equipment access does not involve removal of the vegetative mat or alteration of ground slope or grade, deactivation consists of removal of any felled material and restoration of natural drainage where affected, and confirmation that the vegetative mat remains in place and in</p>

	good condition. Full recontouring and revegetation are not required where grade and slope are unchanged.
--	--

3. The Map 1 – Greenspace Network Plans and Parks forming part of the Official Community Plan Adopting Bylaw 2022-40 is hereby amended by removing an area known as Gem-Keewenaw, and portions of areas known as Chiefs Trend and Arctic Chief-Grafter from the Greenspace or Environmentally Sensitive Areas as indicated on Appendix A and forming part of this bylaw.
4. The Map 5 – Land Use Designation forming part of the Official Community Plan Adopting Bylaw 2022-40 is hereby amended by changing the designation of an area known as Gem-Keewenaw from Greenspace to Future Planning as indicated on Appendix B and forming part of this bylaw.
5. The Map 5 – Land Use Designation forming part of the Official Community Plan Adopting Bylaw 2022-40 is hereby amended by changing the designation of portions of an area known as Chiefs Trend from Greenspace to Future Planning as indicated on Appendix B and forming part of this bylaw.
6. The Map 5 – Land Use Designation forming part of the Official Community Plan Adopting Bylaw 2022-40 is hereby amended by changing the designation of portions of an area known as Arctic Chief-Grafter from Greenspace to Future Planning as indicated on Appendix B and forming part of this bylaw.
7. This bylaw shall come into force and effect upon the final passing thereof.
