Your Worship, the Corporate Services Committee respectfully submits the following report:

1. Semi-Annual Procurement Report (January – June) – For Information Only

Administration provided the semi-annual procurement update in accordance with the Procurement Policy, summarizing activity from January to June 2026. In response to questions from Committee Members, Administration discussed the City's procurement processes, including price negotiations with suppliers and the use of sole-source and non-competitive procurements.

2. Budget Amendment – Bridge Surface Rehabilitation

A budget amendment and project scope revision were presented for the existing Bridge Surface Rehabilitation project in the 2026–2029 Capital Expenditure Program to include repairs to the Wolf Creek Bridge, a critical secondary route supporting Wildland Fire operations. Additional information was provided on the importance of the bridge, project costs and scope, and bridge inspection procedures.

The Recommendation of the Corporate Services Committee is

THAT Council direct that the 2026 to 2029 Capital Expenditure Plan be amended by increasing the budget for project 240c00322 Bridge Surface Rehabilitation by $20,000 and expanding the project scope to include repairs to the Wolf Creek Bridge.

Your Worship, the City Planning Committee respectfully submits the following report:

1. Mineral Exploration OCP Amendment – Area Adjustment

Administration presented a request received from the proponent of the proposed Official Community Plan Amendment Bylaw 2026-25 regarding mineral exploration to adjust the area in the application. The adjustment would reduce the area by approximately 2 hectares, including a reduction in greenspace to be redesignated, and provide a setback of about 80m from the shoreline of Mary Lake. As requested by Committee members, information was provided on the City's map system, environmentally sensitive area identification, and the process for imposing and enforcing conditions with temporary use permits. Administration confirmed that the City will continue to provide any map information available with the City's current mapping system.

The Recommendation of the City Planning Committee is

THAT Council direct that Bylaw 2026-25, a bylaw to amend the text and mapping of the Official Community Plan (OCP) to permit limited forms of mineral exploration within the Future Planning designation, be amended by revising Appendices A and B, which depict the proposed amendments to OCP Maps 1 and 5, as shown in Attachment 2, and that the amended bylaw continue through the bylaw process.

2. Delegate Glenys Baltimore – Mineral Exploration OCP Amendment

Delegate Glenys Baltimore spoke to the proposed OCP Amendment Bylaw 2026-25 regarding mineral exploration, emphasizing the importance of protecting greenspace and carefully considering the proposed amendment. The delegate also spoke to the timing of public engagement and access to information, including mapping resources and the site.

3. Delegate Kell Nielsen, VP Exploration, Gladiator Metals – Mineral Exploration OCP Amendment

Delegate Kell Nielsen, representing Gladiator Metals, spoke to the proposed mineral exploration OCP amendment bylaw and area adjustment, providing information regarding the proposed amendment area, land designations, noise associated with exploration activities, and historical mineral exploration within City limits. The delegate responded to questions from Committee Members regarding Gladiator Metals' investment in the community and land use permit. Additionally, the delegate confirmed there is no intention to drill within 400 m of Mary Lake and advised that the additional area included in the proposal is to allow use of the roadway.

4. Delegate Michael Svoboda - Mineral Exploration OCP Amendment – Area Adjustment

Delegate Michael Svoboda spoke to the proposed mineral exploration OCP amendment bylaw and area adjustment, raising concerns regarding public engagement and access to information. In response to questions from Committee Members, the delegate discussed the availability of mapping data, the City's role in regulating mineral exploration activities, and the importance of providing information to support public understanding of the proposal prior to the public hearing.

Your Worship, the Development Services Committee respectfully submits the following report:

1. A Place to Be – City Support

A report was presented seeking the City's support for the new Community Action Plan, A Place to Be: Framework for Community Action to End Homelessness 2025–2030. As requested by Committee Members, Administration provided additional information regarding the possible levels of support from the City, noting that the proposed declaration includes commitments beyond the City's authority. Committee Members discussed options for expressing the City's support while remaining within the City's jurisdiction.

The Recommendation of the Development Services Committee is

THAT the matter be referred back to Administration to consider options to strengthen the City's endorsement of support for the Plan while remaining within the City's jurisdiction.

2. New Business – Climate Action Plan

As requested by a Committee Member, Administration provided an update on the Climate Action Plan and the interdepartmental working group, confirming that a new staff member has been hired to support the work and that the working group is expected to begin in the coming weeks.

There being no further business the meeting adjourned at 7:36 p.m.

Kirk Cameron, Mayor
